PROFILE

I am a passionate and detail-oriented Front-End Developer eager to begin my professional career. I have a strong foundation in modern web technologies such as **HTML**, **CSS**, **JavaScript**, and **React**, with a clear understanding of responsive design and user experience principles. I enjoy transforming ideas into clean, functional, and visually appealing interfaces. My goal is to contribute to real-world projects where I can apply my skills, learn from experienced professionals, and grow as a developer. I am a quick learner, highly motivated, and dedicated to delivering quality work in a team environment.
